

## Canada Graduate Scholarships Program

**(\$17,500 for 12 months)**

The CGS M Program provides financial support to high-calibre scholars who are engaged in eligible master's or, in some cases, doctoral programs in Canada. This support allows these scholars to fully concentrate on their studies in their chosen fields.

The CGS M Program supports up to 2,500 students annually in all disciplines and is administered jointly by Canada's three federal granting agencies: CIHR, NSERC and SSHRC. The selection process and post-award administration are carried out at the institutional level, under the guidance of the three agencies.

Guidelines and complete instructions for the 2017-2018 Canada Graduate Scholarships–Master's (CGS M) competition are available from the [Natural Sciences and Engineering Research Council of Canada](#).

Queen's University will award 25 NSERC CGS M scholarships for the 2017-18 competition.

The application deadline is **December 1<sup>st</sup>**.
