

Math 335

Mathematics of Engineering Systems II

Winter Term 2006-07

Course Announcements

The list is in reverse chronological order, and no items will be removed.

- April 5th -- typo fixed regarding bonus on exam. See pg 9 of exam for more.
- April 4th -- Final Exam Posted -- [Final Link](#)
- March 18th -- Just realized I didn't link Assign3! Find it now linked under Homeworks. My apologies -- I've extended the due date by 2 days to compensate.
- March 3rd -- Midterm uploaded after MAST was down all afternoon due to power outages on campus. See links below.
- February 11th -- Assignment 2 posted as a separate file with bonus question included (due February 26)
- February 9th -- lectures 14 & 15 linked; 2nd homework is at the end of the lecture 15 file
- January 23rd -- first 5 lectures uploaded; working on the 6th and 7th still
- January 21st -- first assignment uploaded
- January 12th -- course website finally updated to reflect new information
