## Marking scheme:

Homework	20%
Midterm Exam	20%
Final Exam	60%

There are 11 homework assignments in the term, and the lowest grade will be dropped when computing the Homework grade above. Each homework assignment will be posted on the course webpage one week before the due date, and should be handed in on the due date in class.

You should be able to check your grades at any time on Web CT. This is also a place where you can discuss course material with other students.
