MATH 231 - Differential Equations  
Fall 2016

General Information

Instructor: Yanxia Deng (Jeff. 419)  yd15@queensu.ca

Lectures:
- Tuesday 11:30 a.m. - 12:30 p.m.
- Wednesday 1:30 p.m. - 2:30 p.m.
- Friday 12:30 p.m. - 1:30 p.m.

Lecture Location: Dupuis Hall Room 215

Tutorial Time and Location: Tuesday 3:30pm-4:30pm, Jeffery 128

Office hours: Tuesday 2 p.m. - 3 p.m. and Thursday 2 p.m. - 3 p.m.

Course webpage: [http://www.mast.queensu.ca/~dengyx/m231.html](http://www.mast.queensu.ca/~dengyx/m231.html)

Evaluation

Your grade will be determined by your performance in the following areas:

1. **Quizzes (40%)** There will be six quizzes and only the five highest scores will count for your final grade. The quizzes are held during the tutorials of week 2,4,6,8,10,12.

2. **Final Exam (60%)** The Final exam will be held in December exam period and will be worth 60% of your final grade. The Final Exam will cover all materials from this term. General exam information will be posted at [http://www.queensu.ca/registrar/exams](http://www.queensu.ca/registrar/exams).

**Letter Grade** For the purposes of Tests in Math 231, we will continue to use numerical grades when marking these and then convert these numerical grades into letter grades at the end of the course.

Policies

In addition to University Academic Regulations, please note the following:

1. You are expected to attend all lectures. If you miss one, it is your responsibility to understand all material from that lecture and to get any handouts/information given.

2. There is a strict policy with regard to the use of calculators on tests. Only Casio 991 series calculator is permitted in your exams.

3. There will be no makeup quizzes. If you miss more than one quiz because of exceptional circumstances (i.e. ones that are beyond your control, could not have been foreseen, and can be satisfactorily documented), then special arrangements may be made.
Academic integrity is constituted by the five core fundamental values of honesty, trust, fairness, respect and responsibility. These values are central to the building, nurturing and sustaining of an academic community in which all members of the community will thrive.

Students are responsible for familiarizing themselves with the regulations concerning academic integrity and for ensuring that their assignments conform to the principles of academic integrity. Information on academic integrity is available in the Arts and Science Calendar (Regulation 1.), on the Arts and Science website (see http://www.queensu.ca/calendars/artsci/integrity/index.html).

Teaching assistants for the course will be keeping an eye open for violations of academic integrity rules. Offences of academic integrity will receive serious penalties and will result in a failing grade for the course.
